

SERIES PACKAGE

XTRU-THERM[®] PRE-INSULATED PIPE SYSTEM

Premier Engineered Series

Pro Series

For increased project control, quality, efficiency, and capability throughout the asset life cycle, XTRU-THERM Insulation Series is your solution. Please visit our website for more information and technical parameters about XTRU-THERM.

INSULATION	PREMIER ENGINEERED	PRO
Piping Features		
Anti-Corrosion Coating	✓	
Aluminum Diffusion Barrier	✓	
PermAlert™ Leak Detection	✓	
Polyurethane Foam Density Engineered To Meet Project Requirements	✓	✓
Various Carrier Pipe Materials Available – Carbon Steel, Stainless Steel, Copper, HDPE, PVC, or Ductile Iron	✓	✓
Piping Services		
Engineering Support <ul style="list-style-type: none"> - Heat Loss & Heat Gain Calculations - Stress Analysis Calculations - Finite Element Analysis Calculations 	<ul style="list-style-type: none"> - Fabrication Drawings - Pipeline Support Load Calculations 	✓
Fabrication Capabilities <ul style="list-style-type: none"> - Bends, Elbows, and Fittings 	✓	✓
Field Joint Kits <ul style="list-style-type: none"> - Heat Shrink Sleeves - Air Testable Field Joint Kits - Insulated Field Joint Kits 	✓	✓
PARTNERS IN EXCELLENCE Difference		
Lasting value and end-to-end engineered solutions for specific customer challenges	✓	✓
Superior customer & technical support when you need us the most	✓	✓
Fast delivery, reliability, and efficiency to meet your project deadline	✓	✓
Large diameter capabilities	✓	✓
Customized fabricated shapes and fittings	✓	✓
World-class safety performance at strategic manufacturing locations worldwide	✓	✓
ISO certifications to ensure consistent, high-quality products and services	✓	✓
Over 100 years of manufacturing excellence, high quality, reliable products and services	✓	✓
